To Whom It May Concern:

I am writing this letter at the request of Doug Anthony, owner of Appian Paver Systems, formerly Stonescape Pavers.

I have enjoyed getting to know and work with Doug in my position as VP of Land Planning & Development for Pulte Homes. Pulte Homes is one of the largest and most reputable homebuilders in the nation. As such, we have very stringent corporate guidelines when it comes to hiring sub-contractors. Appian Paver Systems has been an outstanding Pulte-approved sub-contractor since 1999. From installing small patios or walkways at our models to building large community entrances, Doug has proven to be someone I can count on to handle any size and type of project.

As our volume has grown over the years, I have watched Doug's company grow as well. Whenever I called him he treated me like his only customer and proved to be a man of integrity. He does what he promises and we had very few (if any) call-backs on the work Doug did for Pulte Homes. In fact, after seeing his high standards for quality of workmanship, I recently decided to have Doug install pavers at my personal residence. Once again he produced a great product and offered impeccable service.

In conclusion, I would highly recommend Doug Anthony and his staff at Appian Paver Systems as they are able to meet demanding schedules and offer a product with numerous benefits and features. I have no doubt that Doug and his staff will continue to be a positive addition to any Developer and/or Construction firm.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jeremy Fritz". The signature is fluid and cursive, with a large loop at the end of the last name.

Jeremy Fritz
VP of Land Planning and Development
